2013 Winterizations

Ensuring that your boat is properly prepared for the potential freezing temperatures that winter brings is essential. If not winterized, freezing temperatures could cause thousands of dollars in damages to your engine. Please read the information below and determine what steps to take. If you have questions after considering the following information, please give us a call.

This year Cottonwood Creek Marina is offering winterization services In House for certain engine models. We will be able to service most small inboard and inboard/outboard motors and all outboard and personal watercraft (jet skis) motors. **Please give us a call (972)292-1100 if you would like to set up services for your engine.** To have your service completed by December 6, please contact us by November 10.

Winterization includes:

Inboard and Inboard/Outboard Motors – Drain engine block, manifold and hoses, add fuel stabilizer and fog the engine. Average cost is \$100.

Outboards – Add fuel stabilizer, fog engine if requested. Leave engine up or down according to boat owner's preference. Average cost is \$25.

Personal Watercraft – Drain water from engine block, add fuel stabilizer and fog engine. Average cost is \$40.

Other seasonal services:

Oil and Filters Change - The cost for all service is \$75/hour plus tax and supplies.

Clean and Cover Your Boat – The cost is \$35/hour for boat cleanings. We can install isinglass as well.

Rodent Packet Program – \$5.95/packet. CCM can rotate packets monthly or bi-monthly.

Shrink-Wrapping your boat is available through FastWrap (214)850-2910.

For some services, boat keys may be needed.

Do It Yourself? – We have supplies. Come by the ships store for any items needed. If you need fresh water anti-freeze, call the office to order by November 10.

As in past years, you can also set up your winterization with approved a subcontractor. Cottonwood Creek Marina has always recommended **MarineMax** for this service. Their winterizations range from \$129.95 to \$545.95 (not including taxes and shop supplies), and MarineMax is waiving the trip charge for CCM customer winterizations. To schedule with MarineMax, call (972)436-9979; they recommend making the service request by October 31.

Call (972)292-1100 to schedule or with any questions.
